

A Level Biology

Summer Bridging Tasks

Below is a list of activities to help you to prepare for the A Level Biology course:

1. If you are a current Aston student, join the 'Introduction to A Level Biology' class on Google Classroom. To do this, log in to Google Classroom using the instructions on the school website, and join the class using the code:

3vtncbi

If you will be joining us from another school, you will be able to access these resources when you start the course in September.

2. Join the Seneca Learning class using the link below:

<https://app.senecalearning.com/dashboard/join-class/bejn940v0o>

3. Get a copy of the 'Head Start to A Level Biology' book:

<https://www.amazon.co.uk/Head-Start-level-Biology-Level/dp/1782942793/>

(note that this is a highly recommended independent study resource, but purchasing it is not a requirement of the course)

If you are unsure about any of these tasks, or would like any further information on the course, please contact:

Mr Jonathan Lye – jonathan.lye@astonacademy.org

Miss Alicia Spiewak – alicia.spiewak@astonacademy.org
